PROFILE

Fullstack software engineer with a proven track record of creating and implementing successful front and back end web applications. Focused on bringing creative projects to life, and empowering my community. I look forward to demonstrating my commitment to developing world-class software solutions for you and your company.

SKILLS

- HTML & CSS
- Javascript
- React
- Node
- MongoDB
- OOP
- Web Accessibility
- Fluent in Portuguese

EXPERIENCE

SOFTWARE ENGINEER

RESILIENT CODERS | AUG 2021 - PRESENT

- Collaborated with a team of developers to build efficient, modern and responsive web applications using best practices
 - Built semantically structured full stack web applications
 - Maintained detailed project history and documentation by using GitHub
- Recent Projects:
- DreamOn: A platform focused on finding scholarships for DACA students, using MongoDB, Node.js, Express, Microsoft Azure AI, Twilio and EJS as a templating language
 - Other Projects: Apps using NASA, agify, nationalize and open weather APIs. A Matching Card App, Social network powered by AI and a coffee shop POS simulator

SOFTWARE ENGINEER

FREELANCE | SEPT 2021 - PRESENT

- Creating full stack applications and websites for different clients across small and medium size businesses, and consulting on SEO and social media strategy.

Recent Projects:

- Los Mexican Restaurant Website: a simple landing page for a local Mexican restaurant

SOFTWARE ENGINEER

100 DEVS | OCT 2020 - PRESENT

- Effectively led teams in building and designing applications with a human centric approach

Recent Projects:

- BffFinder: a fully responsive full stack application, dedicated to matching prospective owners with adoptable dogs in the Boston Region using the PetFinder API

COMMUNICATIONS MANAGER

HOME SWEET HOME CLEANERS | MAR 2014 - PRESENT

- As part of the founding team, I was responsible for client outreach and acquisition as well as contract negotiations, bringing in over \$100,000 in new contracts.
- By utilizing strong interpersonal and organizational skills, I've been partly responsible for an estimated client retention rate of 90%

EDUCATION

BACHELOR OF BIOLOGY

UMASS BOSTON | DEC - 2017
